Quote Response

Quote your customers within seconds

Forget piecing together airfreight rates and local charges from five different files: with cargo.one's smart templates you can send professional PDF quotes to your customers in less than 60 seconds.

Find a partner agent for any shipment, anytime

Gone are the days when getting rates from overseas took dozens of emails and hours of wait time. Get agent rates from over 30 countries for any Incoterm, instantly.

Set up your online Storefront to grow your business

Add your local charges and let your partners get your rates without having to send you an email. Become every agent's preferred partner, and win new business.

Optimize your sales with real-time data

Know what's going on with 360-degree visibility. Easily review won and lost quotations, understand where you are winning or losing, and benchmark your air freight rates against the market.
